Echoes Among Ruins Revisiting The Brahmin Dynasty Of Ancient Sind

The idea that Japan is a socially homogenous, uniform society has been increasingly challenged in recent years. This book takes the result even further by highlighting how Japan, for singular or monolithic, in socially and culturally complex.

Exorcising with particular life situations, exploring the extent to which personal experiences and literary themes influence this contemporary multilateral nation-state. Adapting a theoretically-ethnographic approach, and considering a range of "escapes" both physical and metaphysical, this book provides a rich picture of the nuances and features that comprise Japan and Japaneseness today.

Review of English Literature - 1962

Pablo Neruda (1904–73) is one of Latin America’s best known poets, adored by readers for the passionate love lyrics written during his early years in his native Chile, and respected by critics for the dark, hypnagogic verses he composed during his later years, as well as his works of non-fiction. As Denver Muse shows in his concise biography of Neruda, hardly have the life and works of a writer been so intimately and dramatically bound up as they are in Neruda. In Pablo Neruda, Monacis takes a detailed and often critical look at the relationship, focusing as much as what the poetry sometimes strangely hides about Neruda the poet, the lover, and the political prophet, as what it reveals. Neruda describes a life that was marked by an increasingly militant communism, the seeds of which can be traced to Neruda’s experiences in Spain during the early months of the Spanish Civil War. Throughout the 1930s and 1940s, Neruda became a key heraldsmen for the International Left, and he spent his final years campaigning to bring recognition to his beloved Chile. He lived just long enough to see his hero Salvador Allende assume at Augusto Pinochet’s bloody coup. Pablo Neruda paints a fascinating picture of one of the most profoundly gifted literary figures of the twentieth century. It will appeal to fans of Neruda’s verse who seek to learn more about the life behind it, as well as to readers interested in Latin American literature, politics, and history.

Forgotten Dreams

Blaire Ruth Johnston 2016 Offers not only an analytical study of the life of Blaire, perhaps the most famous living German Schumacher, but also a new reading of Schumacher’s impact beyond the twentieth century and in the present.
